Semi-Final Round Registration Costs

The Global Logic and Reasoning Competition allows students around the world to expand their knowledge in logic and reasoning beyond the standard curriculum. This educational opportunity comes with diverse costs, including for human resources, technical infrastructure, materials and more.

While our sponsors cover some of these expenses, we need to ask participants to cover this year's Semi-Final Round registration costs of 11 EUR to make GLRC possible on an international level. The registration costs are necessary to provide the resources required to run a competition at this scale. There are no other costs for participants throughout this year's competition. Financial aid is available to assist socio-economically disadvantaged participants cover the costs: www.gllrc.org/financialaid

All participants from the Qualification Round who are qualified for the Semi-Final Round and would like to continue with the Semi-Final Round have to cover the registration costs.

Do I have to pay if I was successful in the first round?

If you are successful in the Qualification Round, you are free to decide if you want to register and continue with the Semi-Final Round or not. You will always receive a certificate of your results in the Qualification Round.

Are there any other costs or fees in other rounds?

No, the registration costs for the Semi-Final Round are the only costs that have to be covered by participants of this year's competition.

Registration Cost Payment

We will inform all successful participants of the Qualification Round about the registration process for the Semi-Final Round. Registration costs have to be covered before the Semi-Final Round starts and we accept all standard payment methods (e.g., Card, PayPal, Google Pay, Apple Pay, Alipay) and most currencies. We also provide group payment options for teachers and groups.

If you have any questions or issues, do not hesitate to send us a message at info@gllrc.org.
